Certified businesses are identified in red by their certification number in the Certification Status column and as either Certified Small or Certified Emerging in the Certification Type column. Non-certified local businesses are also identified as such in these columns. For example, the list above contains local suppliers that are non-certified, certified as Small Businesses, or certified as Emerging Businesses.
2. The list is sorted alphabetically by business name. Click any letter of the alphabet (located next to "Begin List at") to search for suppliers by the first letter of their business name.

### C. SLEB Certification Status

1. SLEBs may not be immediately decertified upon their expiration date, however the database is automatically updated the day following the **Exp. Date** as follows:
  - a. The Certification Number is no longer indicated in the Certification Status column, and
  - b. The Certification Type column indicates: **Contact Certification for status**, with a link to the SLEB Certification Unit.

Business/Contact Name	Address	Certification Type	Certification Status	NAICS

## Section 1.5 Internet Search of Supplier Listing by NAICS Categories

A. From the [Find A Supplier](#) page, click SUPPLIER LISTING BY NAICS CATEGORIES.

### Find A Supplier

The Board of Supervisors has adopted a Small, Local and Emerging Business (SLEB) program to assist all local businesses by giving them an opportunity to contract with Alameda County and promote the economic growth of the community. The SLEB Supplier Query System was created to help Alameda County agencies and departments and other users find local and certified small and emerging suppliers that provide needed products or services. Please click on the SLEB Internet Database Guide below for assistance in searching for SLEB suppliers using the Internet. County agencies and departments should access the SLEB Database through the ALCOWEB Intranet.

**Please Note:** County Procurement policy requires County departments to solicit quotes first from certified Emerging Businesses and if there are none, from certified Small Businesses and if there are none, from Local Businesses.

Certified businesses are identified in the database as either a Certified **SMALL** Business or a Certified **EMERGING** Business and include a SLEB Certification Number. All other businesses in the database are Local and not certified; they are identified as a Non-Certified **LOCAL** Business. All Certified Businesses must be Local.

For assistance in navigating the SLEB Query System database please see the [SLEB Internet Database Guide](#)\* or contact the Auditor-Controller Agency, SLEB Certification Unit at (510) 891-5500 or via their [contact form](#).
