

County of Alameda PROPOSED BUDGET 2019-20

PRESENTED BY THE COUNTY ADMINISTRATOR

BUDGET SUMMARY

The Budget Summary provides an overview of the appropriations and revenues contained in the County of Alameda Fiscal Year (FY) 2019-20 Proposed Budget.

BUDGET APPROPRIATION

The FY 2019-20 Proposed Budget includes appropriations of \$3.4 billion. The Budget is divided into program areas for reporting purposes: Public Assistance, Health Care, Public Protection, and General Government. Other uses of funds include Capital Projects; Public Ways and Facilities; Non-Program Expenditures; Contingency and Reserves; and Cultural, Recreation, and Education.

Program Area	Appropriation (in millions)	Percent of Total
Public Assistance	\$863.9	25.6%
Health Care	\$915.7	27.1%
Public Protection	\$767.2	22.7%
General Government	\$258.5	7.7%
Capital Projects	\$205.4	6.1%
Non Program Expenditure	\$147.8	4.4%
Public Ways & Facilities	\$121.2	3.6%
Contingency & Reserves	\$59.0	1.7%
Cultural, Recreation & Education	\$36.6	1.1%
Total	\$3,375.3	100.0%

BUDGET REVENUE

The County Budget is financed by revenues from State, federal, and local governments; revenues from property and other taxes; charges for services; fines, forfeitures, and penalties; interest from investments; and other revenues. For all funds, FY 2019-20 revenues total \$3.4 billion. The General Fund totals \$3.0 billion and supports most County programs. Revenues from other government agencies, excluding Medicare and Medicaid charges for services, represent 54% of the total financing for all funds and 58% of the General Fund. Thus, the County is subject to severe cutbacks when the State and/or federal government cuts funding for programs.

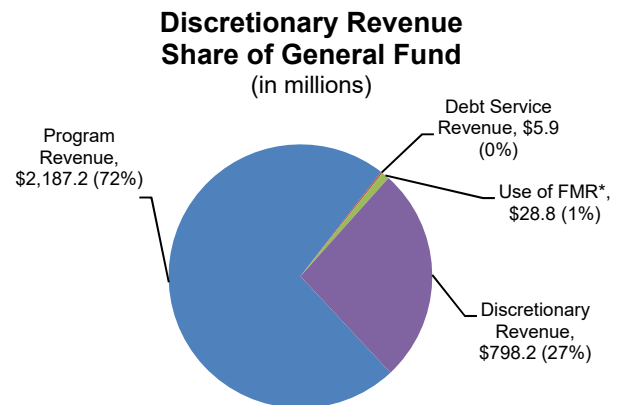

Homelessness and housing have become an immediate and pressing issue in Alameda County. Multiple factors contribute to homelessness in Alameda County, including high housing costs, affordable housing shortages, neighborhood transformations, and deinstitutionalization. The 2019 Point-in-Time Count showed a nearly 43 percent increase in homelessness since 2017, with over 8,000 individuals experiencing homelessness. The Alameda County Homelessness Council collaborates to align County program and initiatives to address housing needs and provide services, but given the scale of the situation there is a need for ongoing State and federal investment in preventing homelessness.

Also of concern to Alameda County is the shift of In-Home Supportive Services (IHSS) costs from the State to counties due to the ending of the Coordinated Care Initiative as part of the FY 2017-18 State budget process.

The following table shows financing by source for the FY 2019-20 Proposed Budget:

Financing Source	Amount (in millions)	Percent of Total
State, Federal & Local Government Aid	\$1,835.4	54.4%
Property Taxes	\$509.4	15.1%
Charges for Services	\$369.5	10.9%
Other Revenues	\$212.1	6.3%
Other Financing Sources	\$170.6	5.1%
Other Taxes	\$136.1	4.0%
Available Fund Balance	\$83.1	2.5%
Fines, Forfeitures & Penalties	\$25.9	0.8%
Use of Money & Property	\$22.7	0.7%
Licenses, Permits & Franchises	\$10.5	0.3%
Total	\$3,375.3	100.00%

Only 27% of General Fund revenue, or \$798.2 million, is discretionary revenue that the Board of Supervisors has the authority to allocate to meet County needs. Most of this discretionary revenue is used to fund the County's mandated share of costs for the programs that receive federal and State funding.

Total General Fund: \$3,020.1 million

* FMR = Fiscal Management Rewards

The majority of the County's discretionary revenues are property tax based. Due to State shifts in funding, Alameda County has received only about 15 cents of each property tax dollar collected in the County. Other discretionary revenue includes interest on investments and sales and use taxes.

The allocation of discretionary revenue to programs is shown on the following chart:

BUDGET BALANCING

The Proposed Budget is balanced and closes a \$60.4 million funding gap (the difference between projected expenses and revenue) through a combination of program reductions, revenue increases, and one-time strategies.
