

Sobrante Park House Calls Program

Sobrante Park House Calls was a 2004 door-to-door survey that happened in 2004 and again in 2007. The purpose was to assess residents' views of the neighborhood and priorities for action.

Through the City-County Neighborhood Initiative (CCNI), the City of Oakland Neighborhood Services Division and the Alameda County Public Health Department work with residents on a variety of violence prevention and neighborhood improvement projects in both Sobrante Park and West Oakland.

A Description of CCNI work in Sobrante Park is at:
