

# Family Stability & Reunification CCP Subcommittee

## Community Corrections Partnership

The Community Corrections Partnership (CCP) consists of several government and community stakeholders. The CCP utilizes focused subcommittees and is tasked with developing and maintaining a County-wide strategic reentry plan. Each CCP Subcommittee represents an area of critical importance and convenes subject matter experts, service providers, and community members to address the dynamic needs of justice impacted populations.

## Family Stability and Reunification Subcommittee

### Subcommittee Chairs:

- Phyllis Nance, Director of Alameda County Department of Child Support Services
- Kevin Bremond, Alameda County Fathers Corps Co-founder & Program Administrator

### The Family Stability and Reunification Subcommittee seeks to:

- Progress the Alameda County Strategic Reentry Plan with an emphasis of preserving, supporting, and restoring families
- Reduce barriers to reunification and negative impacts of incarceration
- Promote programming which prioritizes family and best practices
- Enhance family-centered, culturally appropriate, and trauma responsive services and policies

## Subcommittee and Workgroup

System change should be driven by the community and those with the closest proximity to the challenges and solutions. This subcommittee and workgroup will look at system strengths, barriers, and opportunities to system-impacted individuals and their family reunification.

Please join the subcommittee and workgroup meetings to help drive necessary system and County-wide changes. This meeting is open to all County stakeholders, providers, system-impacted individuals, and community members.
